The Concept

In an increasingly global environment, more people are finding that a career in business means working in cities around the country, even around the world. Today's business travellers are demanding **more comfort, better value, and enhanced quality of life** from their accommodations. They may be away from home for a three-day meeting or three-month work contract. Whatever brings them to us, being away from home does not have to mean giving up the comforts of home. **That is why business travellers look to OBASA Suites for alternative accommodations.** At OBASA Suites, eliminate the stress of travel accommodations, allowing guests to maintain their daily routines so they are more effective on the job.

In a mere eight years, OBASA Suites has captured a large portion of Saskatchewan's corporate accommodations market and we are the largest corporate suite provider in western Canada. In fact, we are the leader in building the market. Companies in every sector are taking advantage of the cost savings and the sheer comfort of our corporate accommodations.

- **Corporate:** executive, management, sales, and other personnel
- **Entertainment:** actors, actresses, and production during a shoot
- **Financial:** bankers, investment counsellors, contract workers
- **Government:** contract personnel, training, and conference needs
- **Health:** professional seminars or long-term treatment needs
- **Insurance:** property and personal injury claimants
- **Manufacturing:** short-term, special skill contract employees
- **Technology:** scientific, R&D specialists
- **University:** visiting professors, lecturers, and guest speakers
- **Vacation Travellers:** family and friends who prefer privacy

The opportunity grows each day. A growing sector of the travel market wants the kind of privacy and quiet offered by alternative accommodations. OBASA Suites caters to individuals, corporate executives, contract workers, relocated families, and more.

Now, OBASA Suites is making it possible for you to participate!

"Obasa Corporate Suites offers all the amenities of home ... The staff goes out of their way to accommodate guests. I saved about \$30 per day in accommodations and \$18 per day on my per diem expense account. The condos are private, secure and well equipped with all the little things. All the appliances and facilities allow me to eat healthier and save time."
